

### ■ We build wire components that look great, and last.

We know that you need a product that is long-lasting, reliable and customized to fit your needs. Our product list is virtually endless and includes everything from Wire Baskets to Fan Guards. Typically, wire components are made from low carbon, non-spring tempered wire. We have the technological expertise, skills and resources to design and produce products that will fit your needs perfectly. No order is too large or too small for us.

#### Products

- Fan Guards
- Refrigeration & Oven Racks
- Wire Grids and Accessories
- Rink Pipe Chairs
- "D" Rings
- Clips
- Handles
